

Example of a Magento eCommerce System Implementation

This one is integrated with Wordpress for CMS; has downloadable products as well as physical products

The screenshot shows a web browser window displaying the United Electronic Industries website. The browser's address bar shows the URL <http://uei-web1.ueidaq.com/>. The website header includes the United Electronic Industries logo and a navigation menu with links for Products, Online Store, Sales Offices, What's New, Tech Support, Company, Contact Us, and Call Us: (508) 921-4600. A search bar is located in the top right corner.

The main content area features a list of product categories: New Products, I/O Chassis, I/O Layers, PCI Boards, PXI Boards, ISA Boards, Accessories, and Software. Below this, there are three main sections:

- Five Products**
 - Infinite Configurations!**
- 1. Hosted Ethernet I/O:**

UEI's PowerDNx Products are designed for I/O applications where data processing can be handled by a host PC over Ethernet.
- 2. Data Logger/Recorder:**

The UEILogger is an easy-to-use data logger (or data recorder) suitable for use in a wide variety of applications.
- 3. Programmable Automation Controller:**

The Linux-based UEIPAC is ideal for a host of embedded data acquisition (DAQ) applications.
- 4. Simulink/RTW Target:**

Simulink® Models built are deployed directly on the UEISIM using Real-Time Workshop.
- 5. Modbus TCP:**

Configurable DAQ devices suited for a wide variety of industrial monitoring and control applications.

UEI's Ethernet I/O Chassis:

The PowerDNA® (Distributed Networked Automation) "Cube" and RACKtangle I/O chassis are compact, rugged, Ethernet-based data acquisition (DAQ) interfaces, ideally suited for a wide variety of industrial, aerospace and laboratory data acquisition and control applications.

About Us

UEI is a leader in the PC/Ethernet data acquisition and control, Data Logger/Recorder and Programmable Automation Controller (PAC) and Modbus TCP markets. Our revolutionary "Cube" form factor provides a compact, rugged platform, ideal for applications in the auto, aerospace, petroleum/refining, simulation, semiconductor manufacturing, medical, HVAC, power generation and more.

The "Cube" is uniquely flexible, capable of being deployed as an Ethernet I/O slave, a standalone data logger, a standalone Linux-based PAC or a Modbus Slave. The "Cube" offers incredible I/O flexibility, accommodating up to 6 I/O boards from a selection of over 25. This allows you to precisely match the I/O configuration to your application. With I/O interfaces for analog I/O, digital I/O, counter/timer, ARINC-429, quadrature encoder, CAN-bus, serial I/O and more, we are sure to have the interface you need.

We also offer an extensive array of PCI and PXI data acquisition and control boards. With the world's widest selection of simultaneously sampling A/D boards and the worlds most dense analog output boards (up to 96 channels per slot!) UEI is sure to have just what your board-level DAQ application requires.

UEI supports all popular Windows, Vista, Linux and Real-time operating systems and programming languages. We also offer complete and seamless support of all major application packages, including LabVIEW, MATLAB and DASyLab.

We are committed to providing the highest quality hardware, software and services, enabling engineers and scientists worldwide to interface data-acquisition and control hardware to the real

Example of a Magento eCommerce System Implementation

Inside eCommerce pages – Product added to cart

The screenshot displays a web browser window titled "Shopping Cart - Windows Internet Explorer" with the URL "http://uei-web1.ueidaq.com/checkout/cart/". The page header includes the "Electronic Industries" logo and a navigation menu with links: Products, Online Store, Sales Offices, What's New, Tech Support, Company, Contact Us, and Call Us: (508) 921-4600. Below the navigation is a secondary menu: New Products, I/O Chassis, I/O Layers, PCI Boards, PXI Boards, ISA Boards, Accessories, and Software. The main content area is titled "Shopping Cart" and features a green confirmation message: "UEI-815 was successfully added to your shopping cart." A table lists the cart items:

Remove	Product Name	Unit Price	Qty	Subtotal
	 UEI-815	\$1,175.00	1	\$1,175.00

Buttons for "Continue Shopping" and "Update Shopping Cart" are located below the table. A summary box on the right shows:

Subtotal \$1,175.00
Grand Total \$1,175.00

A "Proceed to Checkout" button is prominently displayed in orange. Below it, a link for "Checkout with Multiple Addresses" is visible. The browser's taskbar at the bottom shows several open applications: Solutions_section, Shopping Cart - Wi..., Adobe Acrobat Prof..., and Microsoft PowerPoi... The system tray indicates the time is 10:57 PM and the battery level is 99%.
